

SAMBA

opening windows to a wider world

SambaXP 2010:
Growing UP

SAMBA

EXPERIENCE

Before we begin

- Please show respect for the special people who are present here at this important event
 - Turn off your cell phones
 - Turn off your handis
 - Turn off all portable TV's, portable radios, etc.
 - Turn off your pace makers
 - Turn ON your hearing aids
 - Pay attention ... NOW!

About YOU

- Welcome to SambaXP 2010
 - Meet the people around you
 - Honor roll
 - First-time attendees
 - Repeat attendees
- New Samba Team members since 2009
 - Andreas, Kamen, Nadya, Anatoly, Matthias

Maturation

- What are behavioral changes indicate maturation?

Signs of aging

Behavioral changes that accompany maturity:

- Priorities change
 - Perspectives mature
- Wider interactions
 - Internal
 - External
- Agility is lost
 - Change is slower because there is greater realization of the impact it will have on users

The time is right!

- Samba4 is closer to release
 - User complaints it has taken so long
 - Some believe Samba3 is obsolete
- Samba3 and Samba4 merge is in progress
 - You are going to hear more about this today and tomorrow
 - You can help in many ways

How you can help

- SambaXP
 - Be on time for each presentation
 - Participate fully
 - Respect the presenter (but not too much)
- After SambaXP
 - Test Samba4 and put it through its paces
 - If you need assistance, make arrangements with key team members while here
 - Provide feedback

How to be helpful

- Document
 - Usage
 - Testing
 - Setup issues
 - Interoperability issues
- File bug reports
 - Bug reports get action

Program Changes

Important Notice

- Have fun
 - It is legal
 - It is mandatory
 - Make it contagious
- Start preparing for SambaXP 2011 now
 - It will be the 10th anniversary of SambaXP
 - Provide input on how we can make it a big event

The word "SAMBAA" in a light grey, sans-serif font, centered within a horizontal grey bar that spans the width of the slide.

So let's roll ...
